ABOUT ME

I am an energetic, ambitious person who has developed a mature and responsible approach to any task that I undertake, or situation that I am presented with. I am positive and hardworking individual, who always strives to achieve the highest standard possible, at any given task. My greatest passion in life is using my technical know-how to benefit other people and organizations.

DIGITAL SKILLS

HTML / CSS / JavaScript / ReactJs / Wordpress / Adobe Photoshop / Wondershare Filmora / Capcut

SKILLS DESCRIPTION

HTML CSS JavaScript

Used in my final year project which was Digital system for football association Abbottabad, purpose of that project was to digitize the whole system of football association, they were use to save all the data in registers which have no security of data that can easily be lost and there will be no backup.

Wordpress

Worked on WordPress in my second internship program which was in Islamabad (kiwi website designs) . i was as a helper there for creating landing pages or any help needed by senior in project like adding features like carousels, proof read the data and many other tasks included.

ReactJs

Currently i am focusing on ReactJs and also got some experience from my seniors in my last internship which were in i-intellect. Also learned from lectures on Udemy. I cannot say that i am expert in ReactJs but any task given to me i will give my best to achieve that task requirement.

Adobe Photoshop

i dont have expert level skills in photoshop but i used it in my internship when a design provided in psd format for change it into web page.
